

COLD SHRINKABLE JOINTS for MV polymeric insulated cables

ALL-IN-ONE fast installing joint for 1 core cable with wire or Al tube screen

The kit consists of a single cold shrinkable compact body with all components (stress control, insulating, semiconductive, metallic shielding, and outer protection) pre-assembled onto one removable support, which allows a rapid and easy installation of the joint. The use of solder or other devices for connection of the metallic shield is not required. Mechanical connector included in the kit.

CENELEC HD 629.1 S2, CEI 20-62/1

Single Core Polymeric Wire

Single Core Polymeric Al Tube

The use of solder or other devices for connection of the metallic shield is not required.

List of available kits. Mechanical connector included.
