

COLD SHRINKABLE JOINTS for MV polymeric insulated cables

Joint for 3 core cable

The kit consists of a triple wall stress control-insulating-semiconducting cold-shrink body and of a protective body .

The bodies are supplied assembled onto removable support.

The mechanical protection of armoured cable is restored by a metallic joint case (canister).

CENELEC HD 629.1 S2, CEI 20-62/1

Three Core XLPE Wire

Three Core XLPE Tape

List of kits available for use with crimp connectors. Connectors not included
