

HEAT SHRINKABLE JOINTS for MV polymeric cables

Joint kit 1 core for aerial type cable

The kit consists of stress control, insulating, double wall insulating-semiconducting, and adhesive lined protective heat shrink tubes. The hot-melt adhesive ensures the perfect sealing of the joints.

Compliant with standards

CENELEC HD 629.1 S2, CEI 20-62/1

Single Core Al Tube

List of kits available for use with crimp and mechanical connectors. Connectors not included.
