

HEAT SHRINKABLE JOINTS for MV paper insulated (PILC) cables

Joint kit for 1 core cables

The kit consists of transparent oil barrier, stress control, insulating, double wall insulating-semiconducting, and adhesive lined protective heat shrink tubes. The hot-melt adhesive ensures the perfect sealing of the joint. The mechanical protection of armoured cables is restored by an aluminium joint case (canister).

Compliant with standards
CENELEC HD 629.2 S2, CEI 20-62/2

Single Core Paper Lead

List of kits available for use with crimp connectors. Connectors not included.
